

Employability Day

A full day workshop designed to improve candidates' prospects on the job market

Microsoft Teams

9.00 – 17.00

25/11/2021

Join Ridge and take part in a panel interview!

- Gather **tips, insight and invaluable experience** from our hiring team and experts
- How to **make your application stand out** and what do employers look for
- How to **prepare for interviews**
- Introduction to **internships, placements** and **graduate positions**
- **CV clinic** – how to create and efficiently tailor your CV for each job application. Please bring along a copy of your CV to the workshop and anonymise it so that we can show some examples to the group
- Try your skills in a hands on **interview experience** – Trial interviews in breakout rooms with an expert relevant to the discipline you are interested in

RSVP: hababmohd@ridge.co.uk

About Ridge

Ridge LLP are a **multidiscipline Property and Construction Consultancy**. We help our clients create better, more sustainable places for people to live, learn and work. Public or private sector, new development, regeneration or refurbishment: whatever the project is, **we support our clients to achieve the required results** through our technical expertise and hands-on support from a vast range of services. Our **75 years of experience**, combined with our unique multidisciplinary approach, offers our clients a one-point solution for all their requirements.

Do you want to help create better places for people, property and the planet? Do you want to be part of a rich history, as well as building the future?

Joining one of our Ridge graduate schemes, means that you will be **mentored, supported**, and **championed** to drive your own development. In return, you'll benefit from our generous offer of events, **CPD, training, personal development, Career conversations** and **mentoring** as you grow. Our professional schemes lead to Chartered status whether you are in Design, Engineering, or Surveying. we offer a wealth of experience and a rewarding, long lasting career.
